We dedicate this annual to the youth of Pulaski, citizen and leader of tomorrow, who today prepares himself to meet the challenge of the future by acquiring those necessary skills and principles offered him by an ever expanding educational system to insure an ever better world.

GORDON DOMBROWSKI

ADMINISTRATION

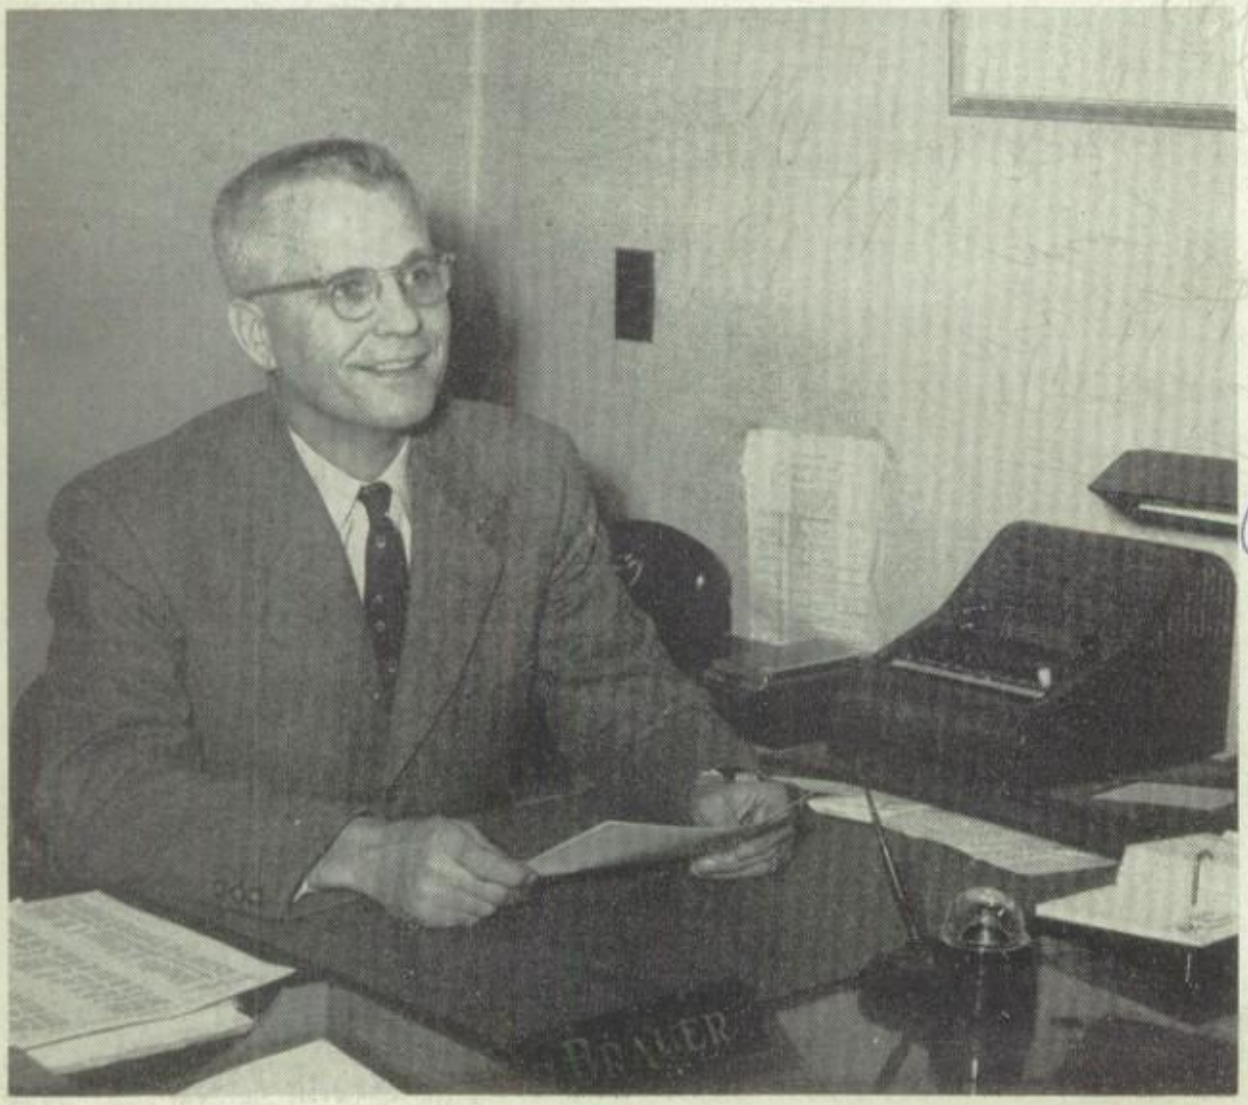
To educate during this era of socio-economic inconsistencies has become an ever increasing problem.

The Cavaliers of old fought for many of the fundamental principles of right living: honesty-virtue-liberty-respect for fellow man—tolerance-integrity of purpose and Christian living.

Certain modern dogmas would destroy those virtues inherent to free men.

It becomes the challenge of all free thinking and freedom loving individuals to perpetuate those many valuable principles which now are under subversive attack by those who will to see them destroyed that free men again become enslaved.

A. E. Westgaard
Principal

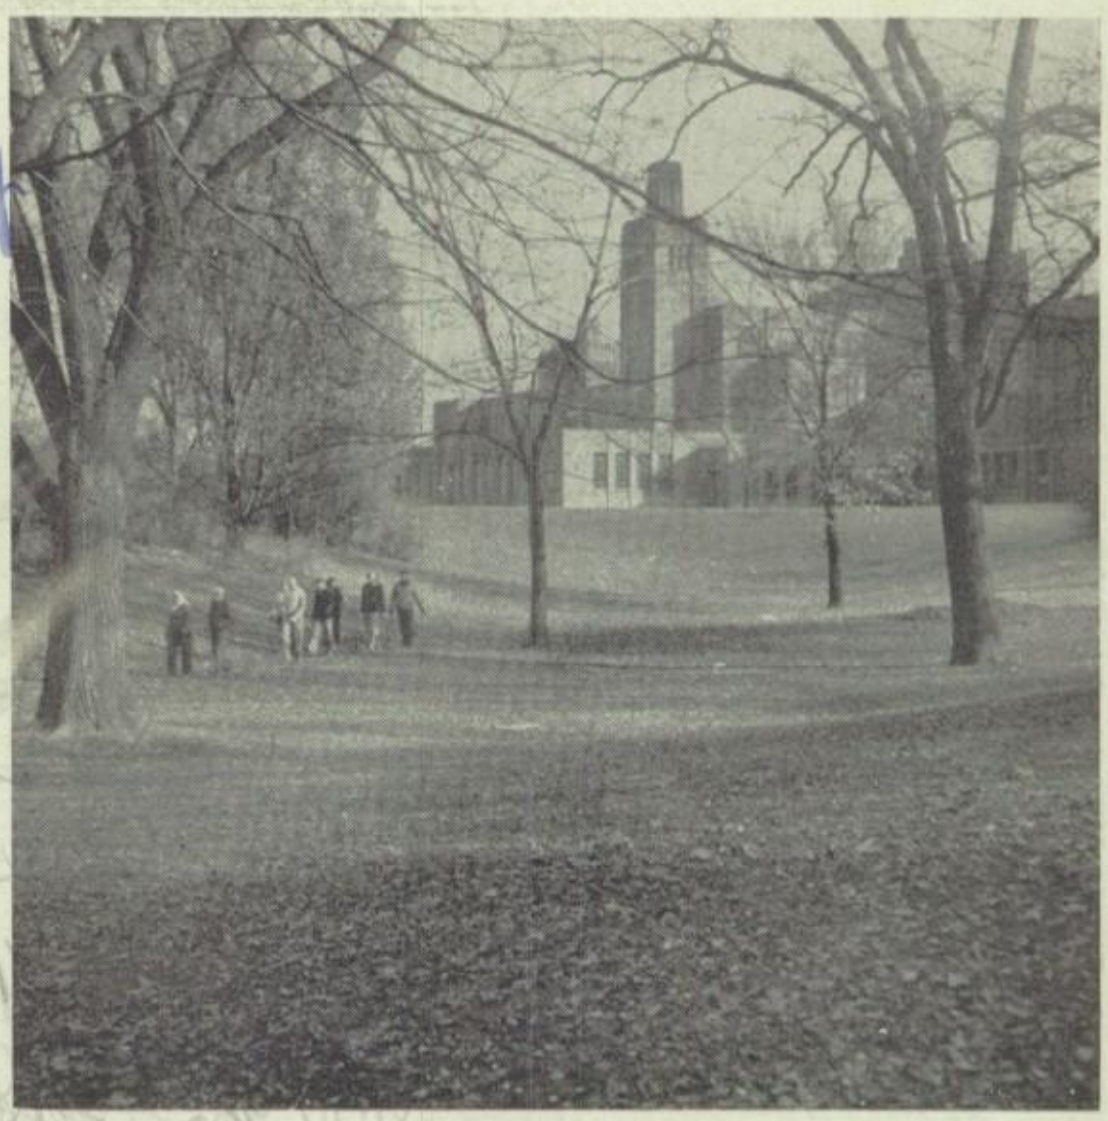


Our basic educational purpose is not only to train the intellect, but also to help young people achieve those levels of physical, social and emotional maturity necessary for a high quality of living.

W. L. Brauer
Vice-Principal

Best wishes to the sweetest kid in my Spanish class. Have fun during the summer. Love Beverly

SCENES



FALL

A tang in the air, rustle of leaves underfoot; it's yours to enjoy autumnal pleasures.

WINTER

So silent, so white is the scene now the boreal blasts are past.

SPRING

Blossoms are out—it's Spring at Pulaski.

SUMMER

Beauty in colorful green carpets our campus.

CLASS HISTORY

FRESHMAN

The Freshman year! The time when we were petrified at the thought of asking for the pass, when we stared at local Pulaski heroes and looked starry-eyed for days when they tripped over us in the halls and, when we longed to be upperclassmen.

SOPHOMORES

This was the year our class became a little more lively because the gang from Walker arrived. We thought we "knew it all", and we even looked down upon juniors. We attended all the football games and backed Pulaski's first Championship team.

JUNIORS

This year we finally achieved our ambition and became upperclassmen. We showed our athletic prowess by winning seven City Championships. We were all so proud of Pulaski that we walked on air. We all had a wonderful time at our Junior Prom.

SENIORS

This is it, the Senior year! The year we were so busy we had no time for homework. We attended all the football and basketball games and the swimming meets too. This is the year we wished we were freshmen again. We sponsored "Star Dust", the first informal Senior Christmas Dance. We boasted how happy we would be when we left, but when Graduation Day finally arrived we sang a different tune. We shall always remember Pulaski and the good times we had here.

Hope To see you next year. Neuman.

CLASS HISTORY

Confusion reigned! We tried to act big, to pretend we weren't awed by it all. We didn't fool anyone though, did we? You could tell we were young and new. We hated to walk to the front of a crowded study hall. We wrestled with our lockers and memorized numbers. We were lost in the maze of halls. We were confused. We were FRESHMEN!

Light dawned! We began to fit in. Not a game did we miss or a dance. We joined clubs, made good use of Special Help slips and got to know the names of every "big-time" senior. We asked questions and were not afraid to answer any, because nobody could fool us now. We were SOPHOMORES!

We played! This was it....upper classmen at last. And did we let everyone know it! We were part of a notable school....football champions for two straight seasons! We went lax on the homework and almost forgot about rules. We were swamped with activities and thrilled by our very own prom, "The Merry-Go-Round of Dreams." What fun! We were JUNIORS!

We reigned! "But I don't feel like a senior" some of us said. Then the bombardment began....testing programs, serious plans for college or jobs, our Talent Show, Class Play and Senior Banquet. We walked the halls with a feeling of ownership and noticed freshies peeking at us with yearning in their eyes. Then....our diplomas. Yes! We were SENIORS!

VARSITY FOOTBALL

The Pulaski High School Ramblers, after two unbeaten and untied football seasons, tasted defeat in 1951. With only three lettermen returning, Coaches Wozny, Max and Thurner had a primarily junior squad to mold into a championship contender in a few short weeks. It couldn't be done in such short time, and the Ramblers finished the season with two wins, one tie and five defeats. The Ramblers were one of the outstanding defensive clubs in the city conference and scored more points than their opponents. In more than one game the Ramblers outclassed and outfought their rivals only to have a mistake spell victory for the opposition.

Against Lincoln the gridders scored a fast touchdown when Don Sommers recovered a fumble in the end zone. Minutes later Don Sommers passed to end Joe Gromacki for a second touchdown. Tom Ruffing kicked the extra point, and Pulaski won its opener 13-0. The Ramblers had their 17 game winning streak snapped by Boys' Tech. The first half was scoreless. Pulaski missed a good chance of scoring early in the first quarter when they recovered a fumble on the Tech 15 yard line, but a fumble of their own prevented them. In the second half Tech pushed over three touchdowns to hand the Ramblers their first defeat in two years.

VARSITY FOOTBALL

Against Washington, fumbles provided the margin of victory and they lost 13-0. The defense was showing well in each game with the spearheads being Don Wojciechowski, Ron Enk and Don Walters. South was the homecoming opponent, and the Red and Blue were behind 13-0 at the half. In the second half the Ramblers played like the preceding championship teams. Len Rydzewski passed 54 yards to end Ed Wegner for a touchdown. But the Ramblers couldn't score again and lost 13-6.

Against Rufus King the two teams played in a sea of mud and the Ramblers came out on the short end 20-12, Gene Dixon and Don Sommers scoring for us. The victory starved boys took it out on Juneau 50-6. Bob Mikolajewski scored three times. Don Klase twice and Len Rydzewski, Dennis Korytowski, Norman Jordan scored one apiece. Against Custer next week the Red and Blue lost a heartbreaker 7-6. "Bubs" Modrzewski passed to Al Payleitner late in the first quarter for our T. D. But, in the last minute of the game Custer scored and made the extra point to break our backs. In the final game of the season against Bay View the two teams played a scoreless tie. The only happy thought was that the Redcats retained the Wooden Football for another year.

FRESH-SOPH FOOTBALL

In his first year as head coach, Mr. Anthony Pauly's Fresh-Soph aggregation came through with a commendable record of one win, two losses, and a tie. Aided by intramural coaches, Mr. Dominic Calabresa and Mr. Spiro Mehail, Coach Pauly had to rebuild from the remainder of the championship team of '50. The loss of Smoot and Snedigar backs, and Socker center, to the varsity squad hurt considerably and hindered the running game.

Determined and undaunted and sparked by aggressive playing, the Greenies fought Lincoln a 0-0 deadlock. Highlight of the game was Tom Wielicki's 60 yard run back of an intercepted pass.

Following this game, they felt the sting of defeat at the hands of Tech, 26-0.

Bouncing back from defeat, the Greenies knocked off Juneau 6-0 on Knuth's end sweep from 20 yards out.

Winding up the season against Bay View, the vaunted running attack of the Redcats was stymied for half the game by superb defensive play. In the third quarter, Bay View rose up and scored two quick touchdowns, as they went on to win, 26-0

It was a far better year for Coach Pauly despite the two blemishes in the loss column. Outstanding were Chuck Basanko, Brad Splinter, Tom Wielicki, Dick Mlynczak, Ed Ennis, and Archie Dyzselski.

CROSS COUNTRY

Two returning major letter winners, Richard Schick and Fred Kuester, were the nucleus for Coach Kezele's cross country team. Around these two boys, he built a fine squad which quickly disposed of Marquette 22-46, West 25-35, Lincoln 27-28, North 19-42, and West Allis Central 15-55 to complete an undefeated season.

In the annual Midwest Competition at Janesville, the Ramblers came through with seventh place as Kuester finished 16.

As for post season clashes, third place went to Pulaski in the South Sectional as Schick, Kuester and Weisto paved the way to 8, 9, and 11 positions respectively.

Fourth place was garnered by the Ramblers in the City Meet, while 13th place went to Pulaski in the State Meet. Kuester took 10th in the city, while Schick placed 13th and Weisto 46th in a field of 150 in the State.

Major letters awarded to Fred Kuester, Richard Schick, and John Weisto. Minor awards went to John O'Malley, Glenn Rubow, Joe Stoebick, Russel Sobczak, Jim Olson, Jim Hawk, Dick Kramasz, and Joe Jagielski.

WRESTLING 1951-1952

Lacking experienced material to bolster his '52 wrestling squad, Coach Pauly's grapplers dropped 7 out of 8 meets. There were no returning major letter winners and only 2 returning minor letter winners, Jim Menger and Harold Springsteen. Even with Menger and Chaney paving the way with 6-1 records, Pulaski matmen didn't have the all-around weight ability.

The lone victory came over Boys' Tech as Richard Schick, Fred Kuester, John Bleth, Jim Menger and Alan Payleitner collaborated to give Coach Pauly's matmen their first victory 15-14 and avenging an earlier 16-15 set back.

Menger at 155 pounds and Kuester at 138 pounds placed second in the city meet in their respective weight divisions as Schick at 128 pounds captured a third.

This year's wrestling team may not have been able to match up to last year's team, but each boy displayed the same effort, the same skill and the same determination to win as in previous years.

VARSITY BASKETBALL

Through Coach Walter Olen's skillful direction, the Ramblers completely shattered earlier predictions of a green, inexperienced, second division ball club and finished in a three way tie for the city crown along with King and West. They thus retained the title they held as undisputed champions in 1951.

After suffering a 36-35 defeat at Fond du Lac, the Ramblers bounced back to edge Notre Dame, 41-39 as Bob Serbiak netted 16 points to the winning score.

In the conference opener West, preseason favorites, were upset by our Ramblers in a tight defensive duel, 41-34, as Joe Gromacki chalked up 16 points for scoring honors for the night. The winning streak was extended to three as both Lincoln and Juneau proved easy pickings for our marksman, as Gromacki once more led the scoring with 22 and 15 points respectively. The following week the battle for the undisputed lead arose as Pulaski engaged Tech. Having held a 22-12 half time lead, our Ramblers couldn't keep up their scoring pace, and were nipped in the overtime, 38-37.

Revived with new pep and steam, our locals trampled helpless Bay View 54-29 as the bench was cleared. With "Big Joe", Mike Pavich and Dick Sujecki setting the pace East and North were routed 57-45 and 62-46.

First place was once more in the balance as our Ramblers took on a red hot King Quintet. A belated fourth quarter rally failed to overcome the Generals' lead and were defeated 54-47. There still remained a chance for a tie as Custer, Washington and South were added to the string of victims.

Pulaski, along with the other city teams made its debut in the State Regionals, beating West Allis Hale, 39-35. But highly rated South Milwaukee had too many guns for our Ramblers in the district championship, 58-41.

A vital reason for the impressive record was the fact opposition was limited to a scant 41.5 points per game, tops in the conference. The aggressiveness of the forwards Pavich and Modrezewski, (who replaced Bob Serbiak, mid year graduate) the floor play of the junior guards Ruffing and Sujecki and the ability of Gromacki to score, as well as to take rebounds, rounded out the championship five. Scoring a total of 153 points in 11 games, Gromacki was picked as the second string all-city center.

Those on the traveling squad deserving credit where credit is due and who filled in ably when needed are Dick Otto, Don Klase, Dennis Donarski, Marv Dzierski, Dick Wisniewksi, Ron Berndt, Una Rydzewski, and Tom Hultgren.

FROSH-SOPH BASKETBALL

Once more the fighting Frosh-Soph of Ken Steffen wound up in first place by tying for the city title with Washington and South. SWIMMING

Coach Matt Wielgosz mermen do it again. For the 9th straight time Pulaski swimmers have won the coveted city crown, eclipsing the old record of eight straight which Boys' Tech and Pulaski had held. So overwhelming was the triumph that second place South finished with 31 points as compared to our Ramblers 66. Individual honors went to the lanky senior, Bob Schweiger, as he broke his own city record in the 75 yd. individual medley, churning the distance in a blazing 46.2. Bob Snedigar, Ron Stramowski, and Lee Drosen captured firsts in their respective events as John Weisto and Syl Racinowski picked up a 2nd and 3rd in the 100 yd. breast stroke in a battle which saw John come in a tenth of a second behind the winner and Syl two tenths of a second.

There were only four returning major letter winners but our mermen completed a far better season than actually hoped for, winning 8 out of 13 dual meets and once more dominating the cardinal relays.

In a field of 12 entrants Pulaski swimmers finished sixth in the State Meet as Bob Schweiger and Ron Stramowski placed in their events.

GOLF

Last year Pulaski's varsity golf team, consisting of Bob Dzioba, Bob Vigue, Earl Barwick, and Alan Kress won the city conference golf championship beating runnerup Washington by 10 strokes, 343-353. B-team honors went to the Washington squad as it nipped our Ramblers by one stroke, 373-374, despite Ken Acker's 89 which was the low score for the day.

Under the direction of Coach Harry Max, the "Pappa Rambler", the team is headed for another great year. With the return of Kress, Barwick, Vigue and Dzioba who gave Pulaski its title last year, their combined efforts will once more be put forth to defend that title. The added strength of Ken Acker, last year's B-team medalist, sophomore, John O'Malley, and, junior, Tom Ruffing could give our Ramblers that added punch they need. Hopes for state berths will be carried by these boys who will be out to take the state as well as the city title.

TRACK

The 1952 track team, with Mr. Jankowski taking over the reins of former Coach Kezele, looks forward to a promising year in the dual meets. Although depth is lacking for city and state meet competition, the fine squad headed by Gerhard Qualey, Richard Schick, Fred Kuester, Tom Hoffman, Al Bogacki, William Brown, Jim Litzau, Jim Olson, John Weisto, Henry Koc, Bob Sobczyk, Bob Snedigar, Bob White and Robert Schweiger could make it tough for the other city teams.

TENNIS

Led by Dennis Donarski, our 1951 Rambler tennis team placed 5th in the city tennis meet behind 7 time champion East. Coached by Matt Wielgosz, Pulaski's hopes for improving that standing this year hinge on the return of his "big four," who were on his '51 team, Lee Drosen, Dennis Donarski, Gerald Brown and Larry Haberman. Dick Maurice, Ronald Kloss and Syl Racinowski will be fighting it out for that fifth spot and should complete a well balanced squad. Donarski, Brown and Haberman are seniors while Drosen, Racinowski, Kloss and Maurice have one more year of competition left.

With a good year and a little luck our Ramblers could take the city crown with the material and depth they possess.

JUNIOR PROM

"The Merry-go-round of Dreams", proved to be "The Loveliest Night of the Year", for the students attending the Junior prom. Brilliant colored carousels and prancing horses added their splendor to the beautifully decorated affair.

Prom-going Pulaskians will always remember the wonderful time they had at the Junior Prom, dancing to the strains of Ray Block's music and watching the grand march led by the King Richard Schick and his Queen Beverly Strehlow and the members of their court of honor, Jack Douglas, Arlene Budzak, Dick Gorski, Carol Bednarski, Larry Habermann, Audrey Breske, Frank Liebrecht, Mary Ann Michalski, Allen Payleitner, Donna Roehl, Donald Sommers, Eileen Staaben, Donald Nichals, Jacqueline Nelson, Bob Schweiger, and Shirley Koehler.

PHYSICAL EDUCATION

Best of luck + try to win on that swimming

Although Pulaski is prominent in city athletic competition where only a few participate, it also believes in a program whereby all may join in sports. Our physical education program under the direction of Mr. Royal gives boys and girls alike a chance to display their athletic ability in class competition. A Health Education class for girls is also a part of this well organized department. We also have football, swimming, tennis, golf, and baseball teams in city competition. We provide intramural competition in basketball, volleyball, tag football, table tennis, softball, and wrestling.

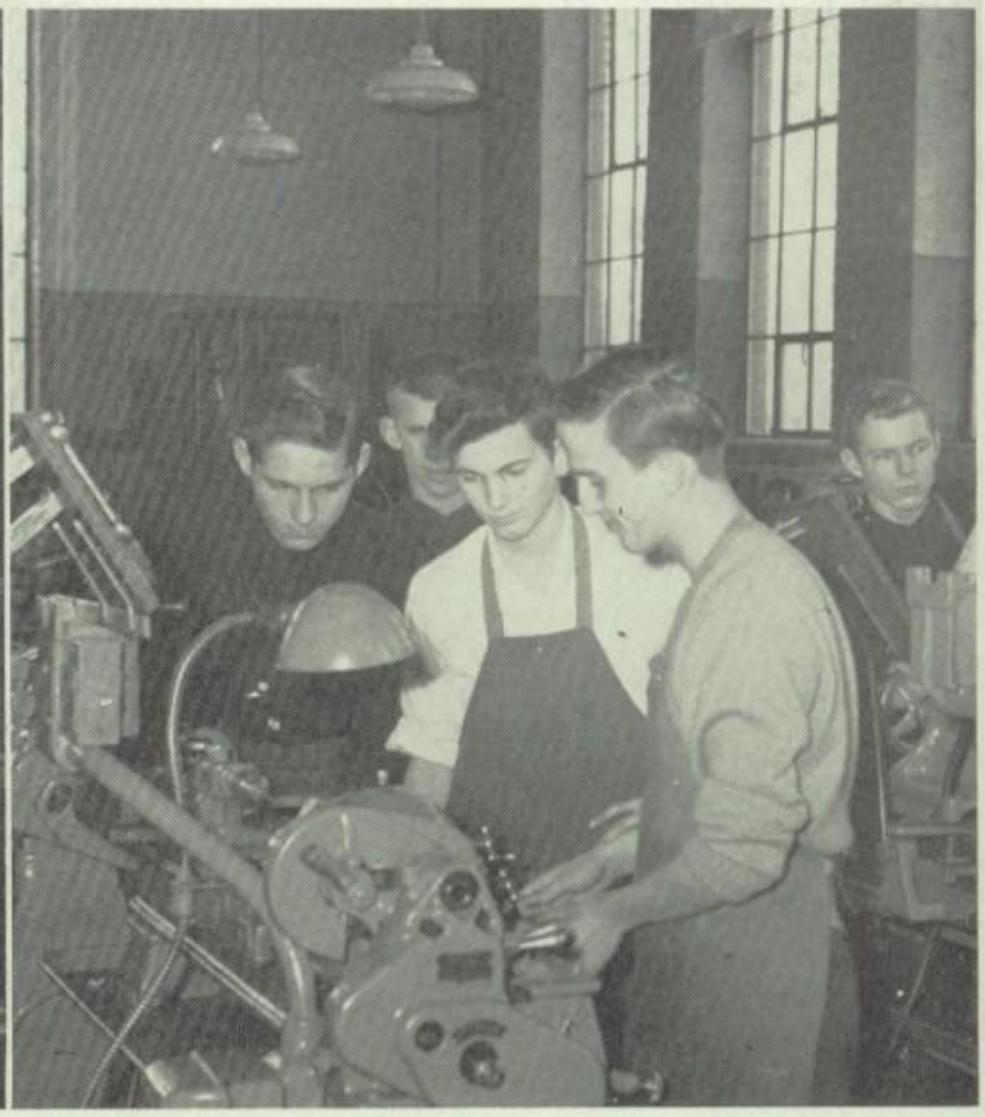
ART DEPARTMENT — MR. GRAVES

Everyone likes to take a pencil in hand once in a while and draw. The Art Department is designed for just this purpose.

The Art Department has a twofold aim; first, it grants experience to the student so that he will have a greater appreciation for that which is good in his everyday life and environment, and, secondly, it acquaints and interests the students in the varied phases of art so that he may choose a branch for specialization.

The Art Department can always be counted on to make a good showing at various contests and exhibitions and to provide posters to make our halls colorful and interesting.

INDUSTRIAL ARTS DEPARTMENT — MR. BELL

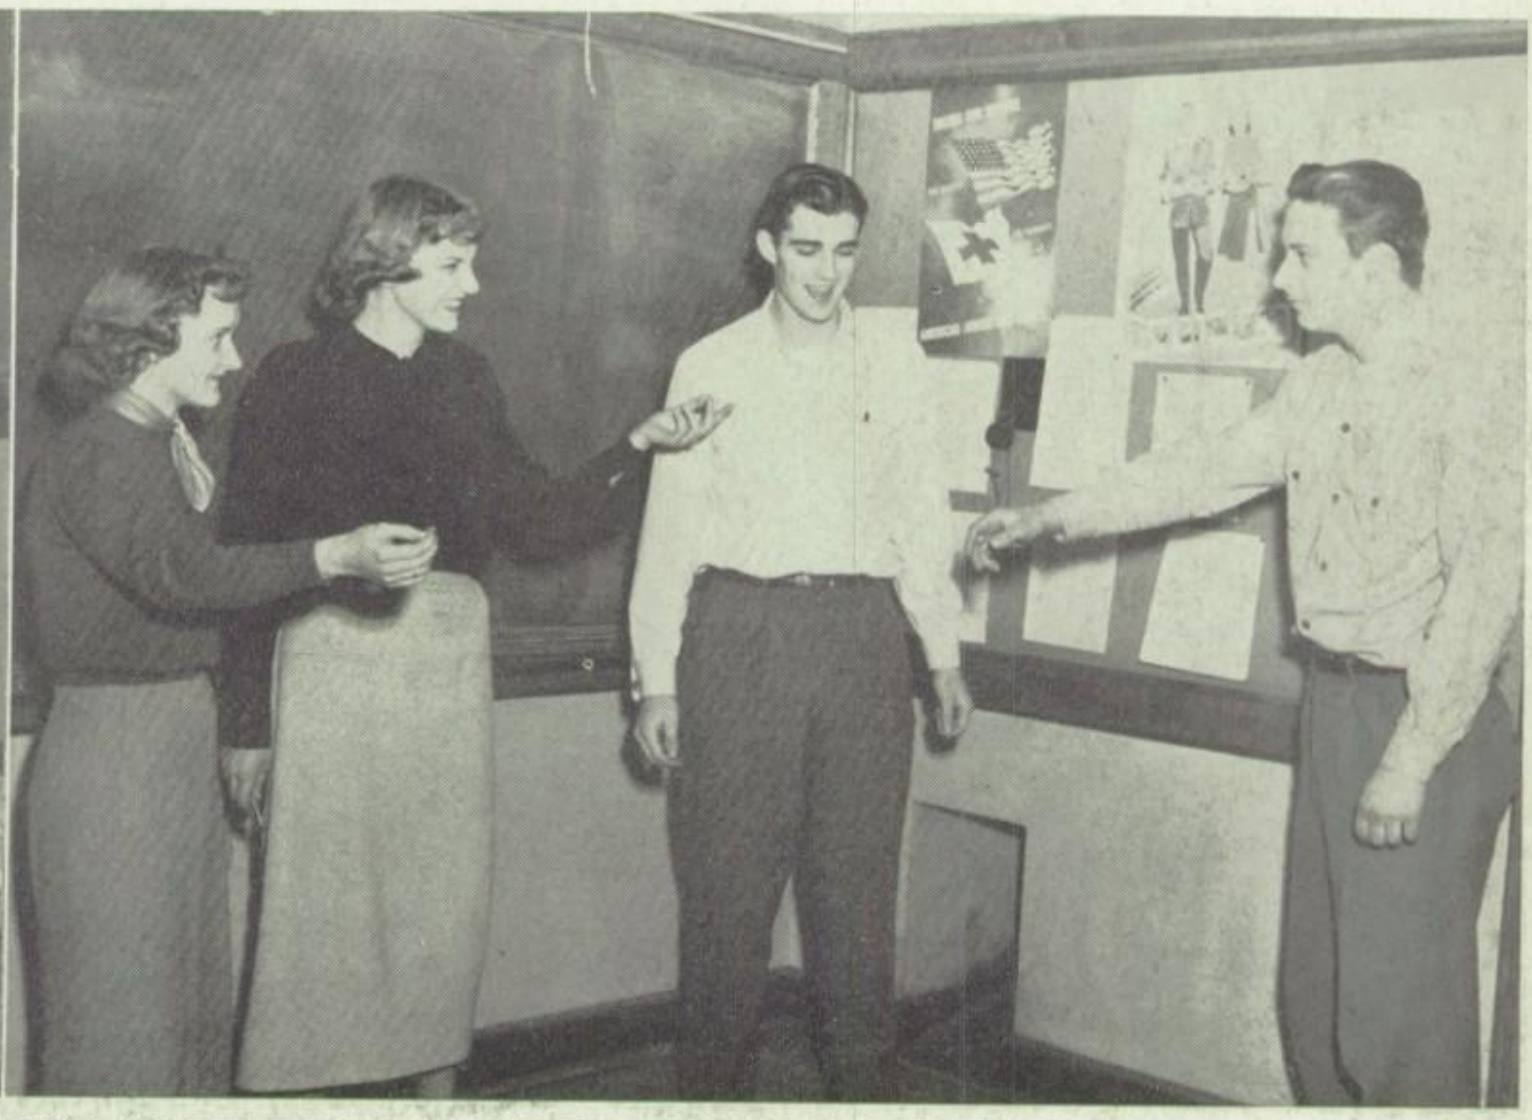


The lessons a young man learns in the Industrial Arts Department will be valuable to him in his lifetime. Mechanical drawing is one of the most powerful means of expression known to man. Everything from a small pin to a large complicated piece of machinery first must be planned by a skilled draftsman. While completing wood, metal or mechanical drawing classes, the boys learn the skill of handling tools, materials, and machines and the characteristics, classifications, and kinds of wood. The six different classes in the Industrial Arts Department are Wood, Metal, Mechanical Drawing, Radio, Automotives and Driver's Education.

ENGLISH DEPARTMENT — MISS DORING

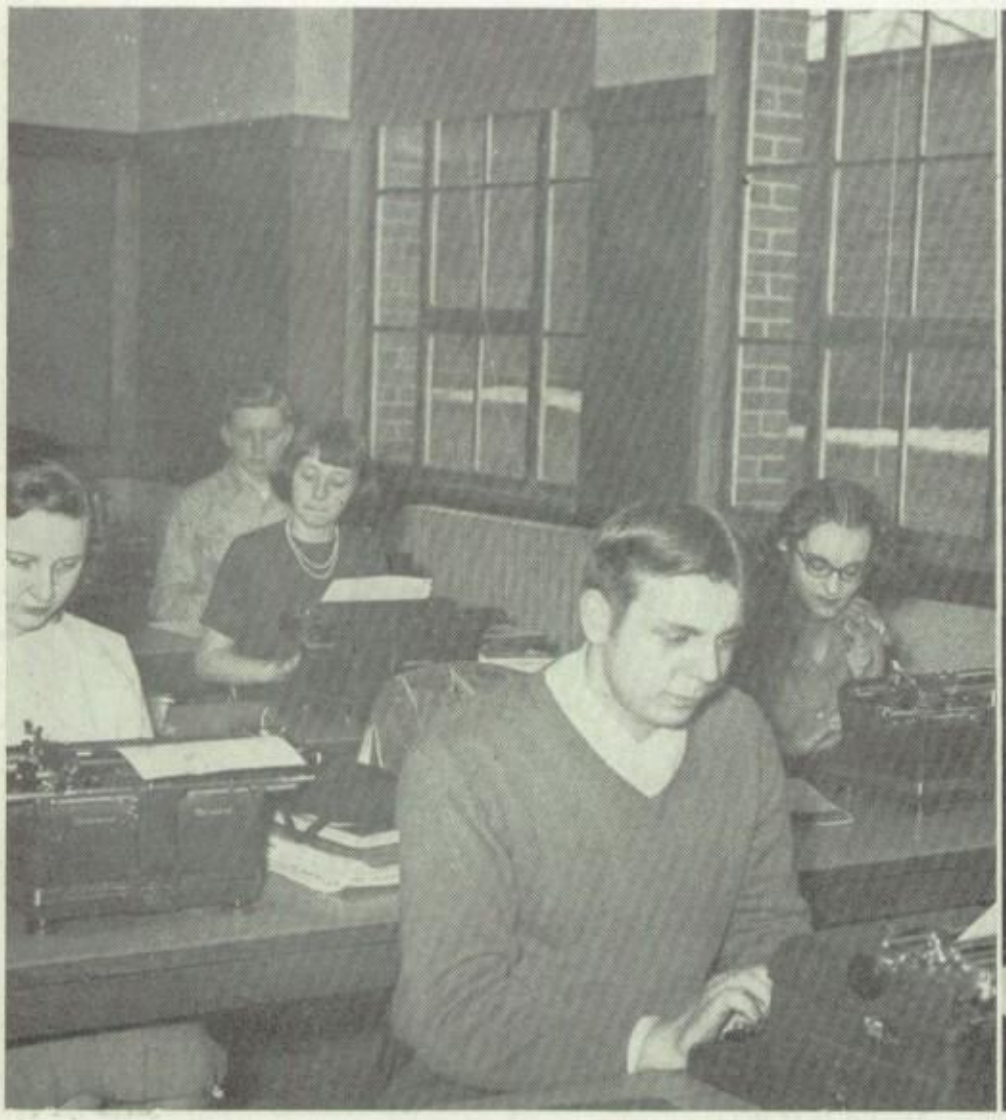
The English Department is designed to help the students use our language correctly so they can go into the world confident of speaking correctly. The students have the chance to gain practice by recitation, radio, theater, drama, and Journalistic writing.

The Speech Department is planned for the silent and the loquacious. By studying speech a student will acquire poise and the ability to speak, well. With this foundation a student should be adequately prepared to meet the complex challenge of our workday world.



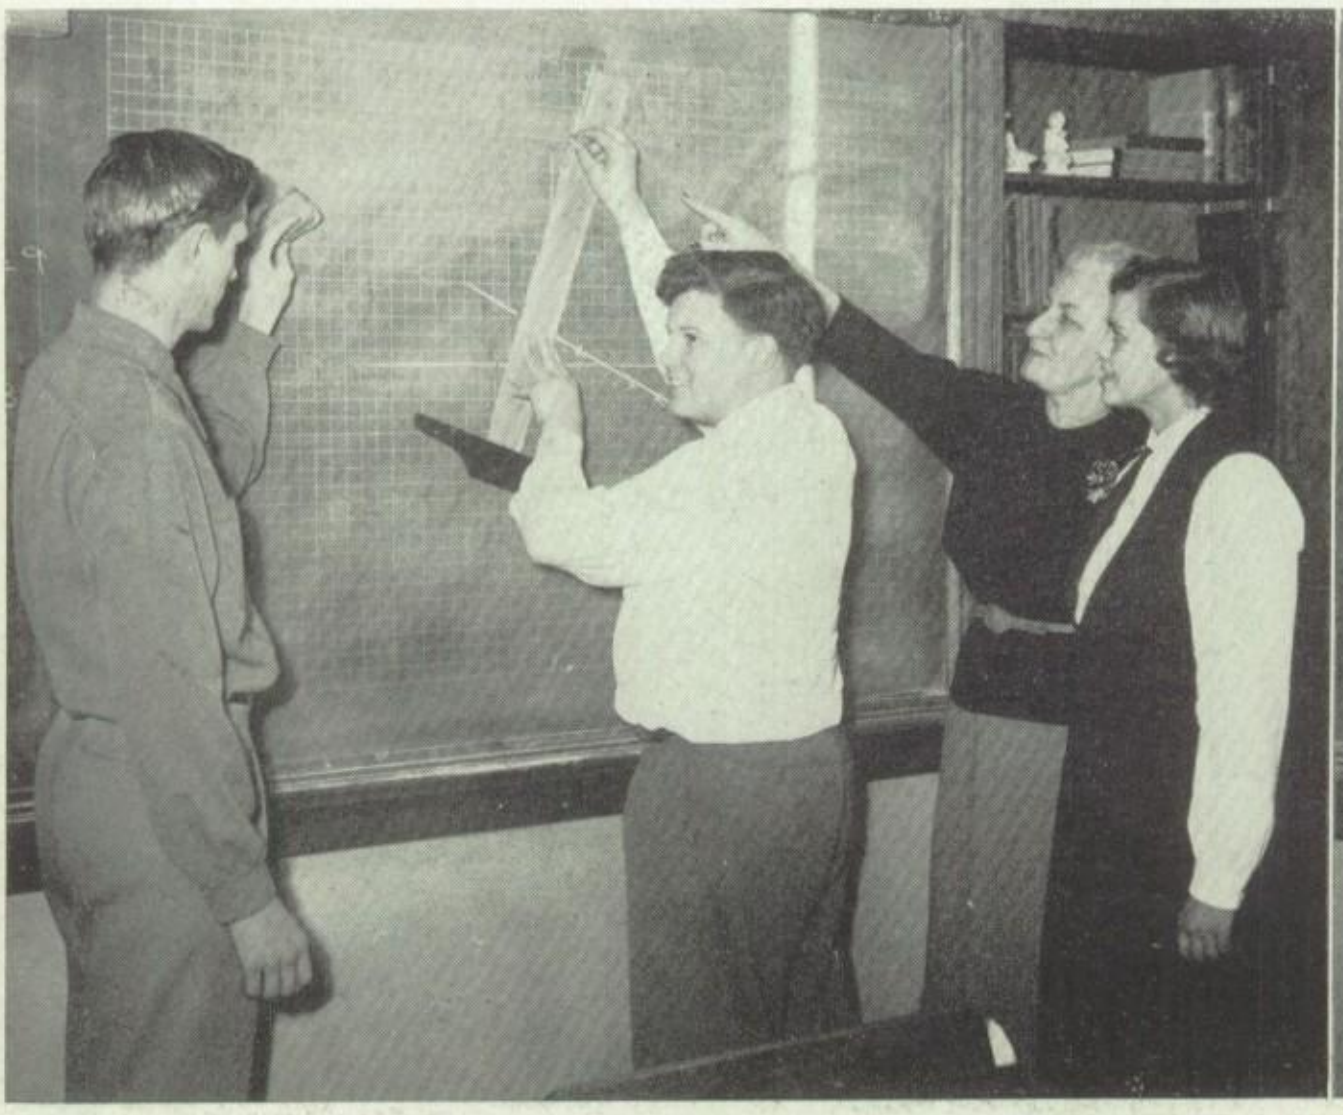
SPEECH DEPARTMENT — MISS RICHARDS

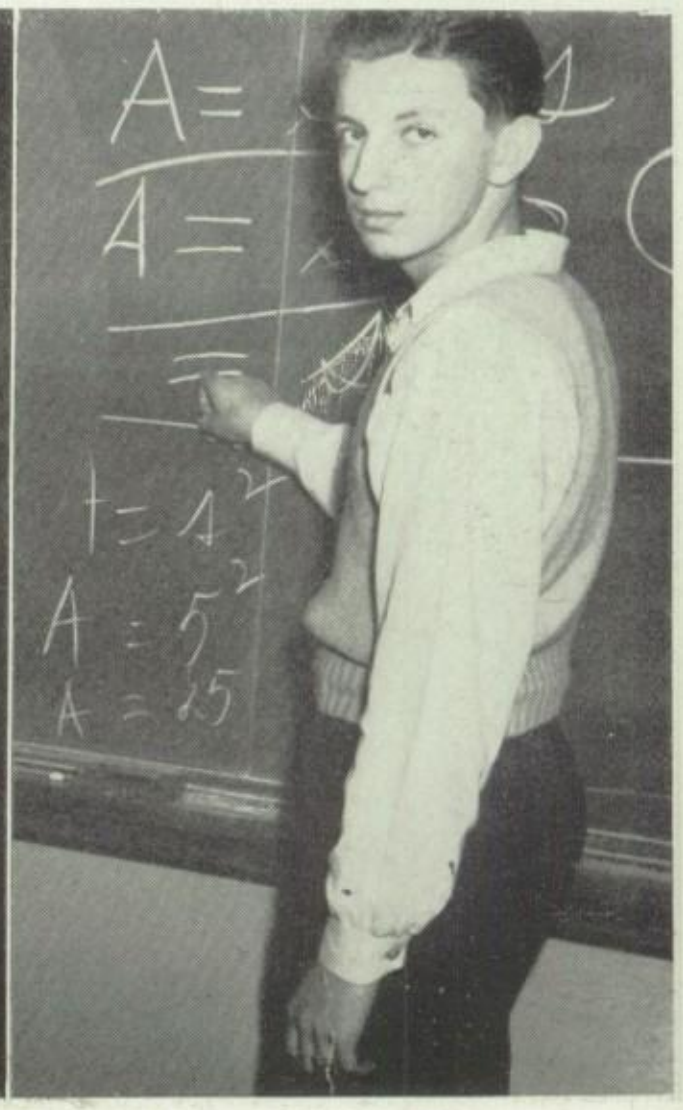
COMMERCIAL DEPARTMENT — MISS HANSEN



The aim of the commercial courses is to provide the students with a knowledge of the conditions of the commercial world and to give them the technical skills they need. The commercial classes are Junior Business Training, Arithmetic, Geography, Salesmanship, Law, Bookkeeping, Office Practice, Shorthand, Typing and Merchandising.

Pulaski's Mathematics Department, under the leadership of Miss Mannix, prepares the students for their future jobs. They are given instruction in problems which are used in everyday life and which will prepare the students to meet the future fully developed in the knowledge of mathematics.





MATHEMATICS DEPARTMENT — MISS MANNIX

FOREIGN LANGUAGE — MRS. ALYWARD

French, German, Polish, Spanish, and Latin are each offered as a four year course at Pulaski. In the classes, a great part of the time is spent on written compositions, the forming of the language, and the history, culture and geography of the country involved.

The Home Economics Department offers a variety of courses to students interested in learning how to manage and maintain happy homes. Clothing, foods, cafeteria management and family living can be taken by students from 9B to 12A. These classes are designed to produce the homemakers of tomorrow.

HOME ECONOMICS — MISS MOHR

SCIENCE DEPARTMENT — MR. MERBACH

The Science Department influences the pupils that they will understand, appreciate, and adjust themselves to the environment in which they live. It is well equipped to aid the pupil to play a happy and useful part in the advancement of society.

The Social Science Department is teaching our students the purpose of freedom and democracy which means so much to us. The pupils also learn how we have come to the ideals which our country holds so dear and they receive a better understanding of our country.

SOCIAL SCIENCE — MRS. ALDRICH

MR. ALFRED NIEFER

MUSIC

The Music Department is divided into three groups: vocal, instrumental, and music appreciation. The vocal group consists of the girls' and boys' glee clubs, mixed chorus, and the A Cappella Choir. The instrumental group includes the Junior and Senior bands and orchestras. The appreciation group familiarizes students with masterpieces of music by listening to them and discussing them. The various instrumental and vocal groups provide music for different holidays, Commencement, the Spring Concert, and other school programs. The band helps out at pep rallies and the sports events. The music appreciation class put on a program in January for the grade schools in our district.

7th AND 8th GRADES

On the west end of the third floor the homerooms of some of the most loyal Pulaskians are located. These are the homerooms of the seventh and eighth graders. In science they are studying the eye in connection with light, and the ear in connection with sound. They also study insects and are making insect books. In art classes they have made marionettes which are used in plays based on their work in English and social science. In English they are reading biographies of great men and women. The boys also take shop, and the girls take sewing and cooking.

CHRISTMAS ACTIVITIES

In place of a winter prom, the 12A seniors, directed by Mrs. Aylward, sponsored an informal Christmas Dance, which was held on December 15. The music was furnished by Johnny Walters' Orchestra. "Stardust", the theme, inspired the decorations made by Miss Lassen's art classes. This kingdom was ruled by Queen Patricia Driscoll and King Ronald Enk.

The spirit of the yule-tide season was displayed at the homeroom Christmas parties. Santa, a familiar figure, added to the fun by distributing gifts.

The Christmas program featured superior performances by the music department. The school orchestra and choral groups combined with the audience to sing the traditional carols.

CAVALIER

Pulaski's monthly newspaper, **The Cavalier,** is the product of many long hours of work. A few of the tasks performed by the members are: obtaining information from fellow students, trips to the printer, and proofreading. Many profit by the preparation of the paper. The quality of leadership and a feeling of responsibility are gained by staff members holding high positions. Enjoyment from seeing their names and their friends' names in print are derived by the readers.

SENIOR ORCHESTRA

The Senior Orchestra, under the direction of Mr. Zielinski, is composed of students who have had experience in the Junior Orchestra or some practice in playing in groups. It provides the musical background for Commencement Exercises, participates in the Spring Concert, and performs at various noon hour programs. It is also essential to many other programs and is one of the finest high school orchestras in the city. Pulaskians will always remember the many hours of superb musical entertainment.

BOYS GLEE AND MIXED CHORUS

The Boys' Glee Club, directed by Mr. Hillier, serves as a stepping stone to the A Cappella Choir. It participates in the Spring Concert and the Christmas Program along with other performances throughout the year. The Mixed Chorus is composed of boys and girls interested in gaining a more thorough knowledge of reading notes and preparing for A Cappella Choir. This group does not participate in any school programs.

STUDENT SERVICE COUNCIL

The Student Service Council is one of the most important committees in the school. The Council, under the direction of Miss Ruth Manion, originated and put into effect the Honor Study Hall system, which has proved to be one of its most successful accomplishments. Some of its activities throughout the year are the tryouts for the student public address announcers, the sponsoring of pep rallies, the Christmas dance, the Halloween dance, and numerous other dances both after basketball games and special occasions. Other efforts include the Community Chest Drive, the March of Dimes collections, and the distribution of Thanksgiving baskets to the needy people in our community.

CLUBS IN PROGRESS

Home Economics Club

Any students having a background in Home Economics are invited to join this club. The Christmas sale, one project of the club, is carried on to raise money for special equipment. The club has purchased a silver tea service, a lace tablecloth, and a vacuum cleaner for the department. The home-service department of the utility companies of the city send out home-economists who give demonstrations and lectures. Pattern companies supply garments for style shows. Members belonging to the Home Economics club find it profitable and entertaining.

Double Quartet Club

The Double Quartet, under the direction of Mr. Melvin Hillier, is one of the new clubs at Pulaski. The boys specialize in barbershop harmony and are working on such songs as "Dry Bones." Members of the quartet are chosen by Mr. Hillier for their ability to sing and for their co-operation in school. The club meets Thursdays the eighth hour in room 134. This year they displayed their talents at the spring concert and the senior class play. The talented males are Bill Adams, Frank Liebrecht, Jack Skudlarczyk, Larry Thiele, George Verhalen, Edward Waldoch, Gary Johnson, and Dennis Korytlowski.

Stamp Collector Club

Enthusiasm for stamps of the world is the basis for membership in the greatest hobby in the world. Members exchange stamps, exhibit collections, and all the collectors lore, have auctions and take part in stamp discussions. Many write to foreign correspondents and thereby enlarge their horizon and collections. The club meets on Mondays of every week under the guidance of Mr. Raymond Shaw. An average of twenty members belong to this club.

Stage Craft Club

The Stage Craft Club has a very tedious job. You will always find the stage crew on the job whether it is during school or evenings. Plays may finish, but for them the work has just begun. The crew consists of: Don Januchowski, captain; Myron Koceja, electrician; and George Kland, prop man, assisted by Ronald Parajecki, Franklin Liebrecht, Raymond Sobczak, Larry Thiele, and Robert Splinter. Since the stage is large and we have a great deal of expensive equipment which must be handled with care, the stage crew of Pulaski has a great responsibility.

Life Saving Club

To encourage swimming and to increase the knowledge of life saving, Coach Wielgosz sponsors the life saving club every Tuesday eighth hour for boys of all grade levels. This club prepares boys for jobs as life guards and helps them if they would like to continue on to college to study physical education. Some of the fundamentals learned in this course are breaks, carries, and approaches. A new method of artificial respiration was also learned. Any boy with an interest in swimming who is willing to work hard, is welcome to join the club.

String Trio

The Pulaski String Trio is composed of three musicians eager to put their talents to use. Members are: John Marsh, pianist; Betty Ann Wichrowski, violinist; and Helen Carothers, cellist. The group is directed by Mr. Niefer and plays the music of the masters. Various performances are given by the group in school and at the nearby grade schools' PTA programs. The trio was organized to give the group musical benefits.

QUILL AND SCROLL

Quill and Scroll is the international honor society for high school journalists. Its main purpose is to encourage students and reward individual achievements in journalism and its corresponding fields. Membership in this society is limited, and it is a cherished reward to those who receive it.

These are some of the requirements for Quill and Scroll membership: (1) the student must be at least Junior standing; (2) he must be in the upper third of his class in scholastic rating; (3) he must have done superior work in some phase of journalism, either newspaper or annual staff; (4) he must be recommended by the supervisor governing publications; (5) he must be approved by the Executive Secretary.

BLUE MASK

For those Pulaskians with a feeling for the stage, and the applause and admiration of an audience, the Blue Mask Club has been organized under the direction of Miss Pearl Richards. The advanced speech students who have proved themselves capable of mastering their speech techniques and have proved their dramatic ability are eligible to join this club.

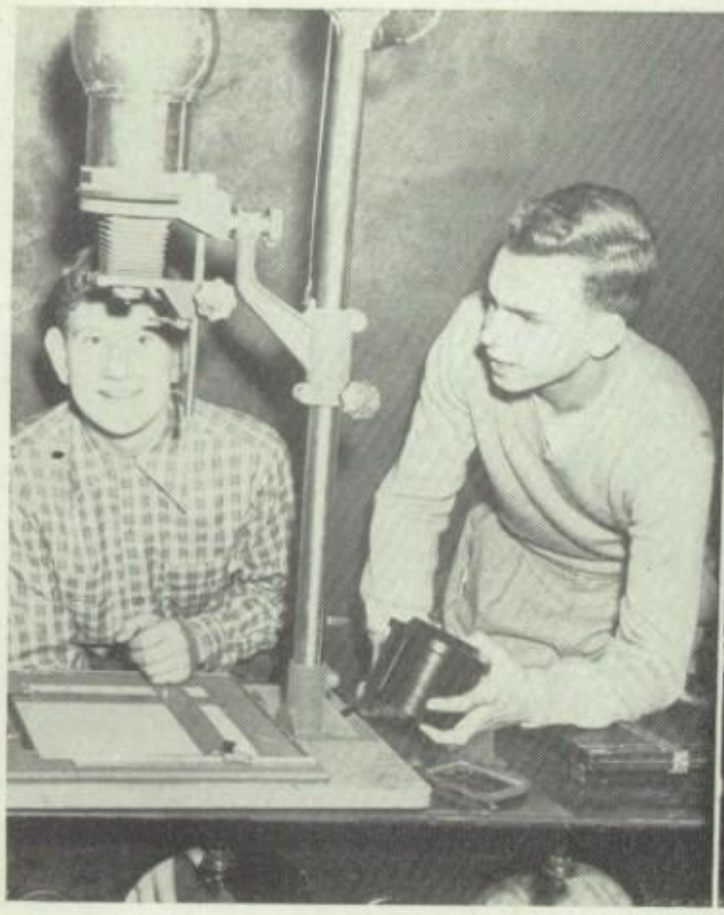
The Blue Mask is one of the oldest organizations at Pulaski, having been organized way back in the barrack days where Pulaski's dramatic facilities consisted of only the dramatic teachers and the students interested in the stage. From the group many popular amateurs and professional actors and actresses have been developed under the professional guidance of Miss Richards.

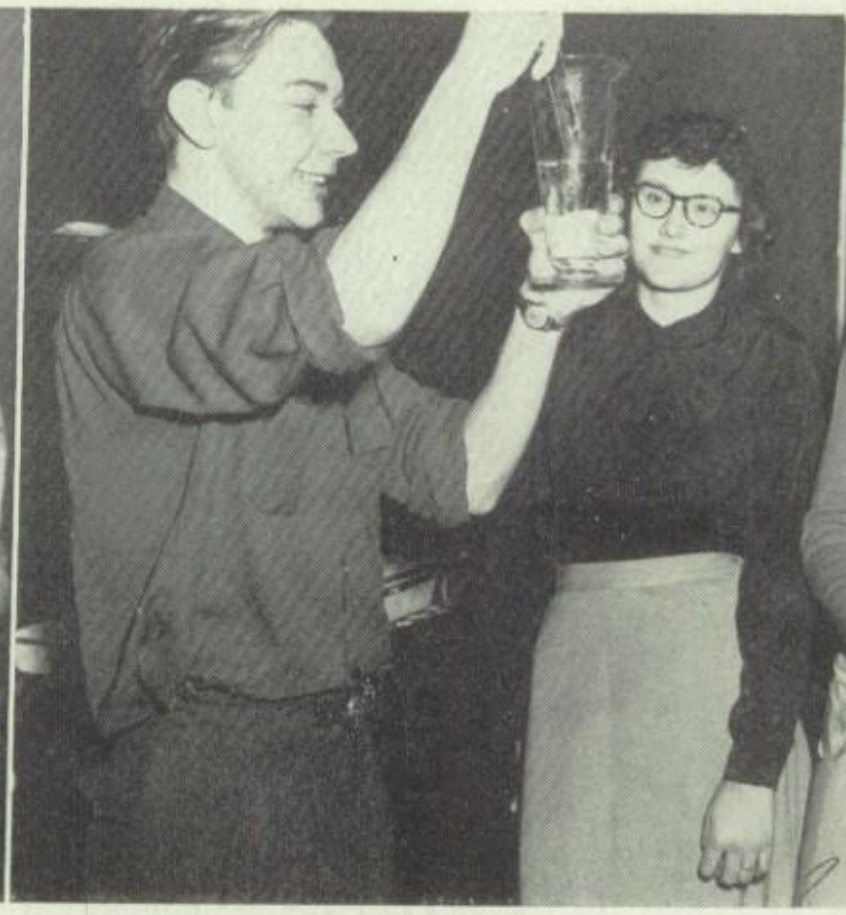
ARCHERY CLUB

We have an up and coming group of Robin Hoods here at Pulaski. They are the members of the archery club sponsored by Coach Wielgosz. About fifteen boys and girls who are interested in archery and who have the necessary equipment try their skill at hitting the bulls-eye every Thursday eighth hour in the bicycle room. When the weather permits, they set up their targets behind school and practice there. The fundamentals of archery are taught to those with no experience at all, and those who have had experience perfect their techniques. Although the facilities are very limited, Coach Wielgosz invites anyone who is interested to join the club next fall.

HOME NURSING CLUB

The Home Nursing Club is sponsored and paid for by the Red Cross. The instructor is Mrs. William Knee and the school advisor is Mrs. Viola Hancock. The club meets in two groups on Tuesday or Thursday. The semester consists of two courses — "Home Care of the Sick" and "Mother and Baby Care." This year new material on atomic warfare nursing has been presented. After completing the two courses, each member receives a certificate from each course. The club's main objectives are to help students learn how to recognize signs of illness; to learn how to effectively and safely follow the doctor's orders for home care of the sick; and to present nursing as a possible career.





CAMERA CRAFT CLUB

Students interested in photography are the ones eligible to join the Camera Craft Club. This club meets on Thursday under the supervision of Miss Ruth Manion. One Thursday the entire group meets. The next Thursday part of the group is given a study period while a small group is given the opportunity to work in the dark room. The club is designed to instruct the beginner in the fundamentals of photography as well as giving the advanced students a chance to further their knowledge.

Members of the club are studying picture-taking, developing, printing, and enlarging. This club proves to be quite interesting and still gives valuable experience to those who wish to study further in the field of photography.

FASHION DESIGN CLUB

The Fashion Design Club is composed of students interested in art as well as fashions. Miss Ruth Lassen is the faculty advisor for this group. The main purpose of the club is to go beyond mere dress design; it is to inspire such character, manners, and inward poise, so that our school can truly boast of high B.Q.'s (that is Beauty Quotient) as well as high I.Q.'s.

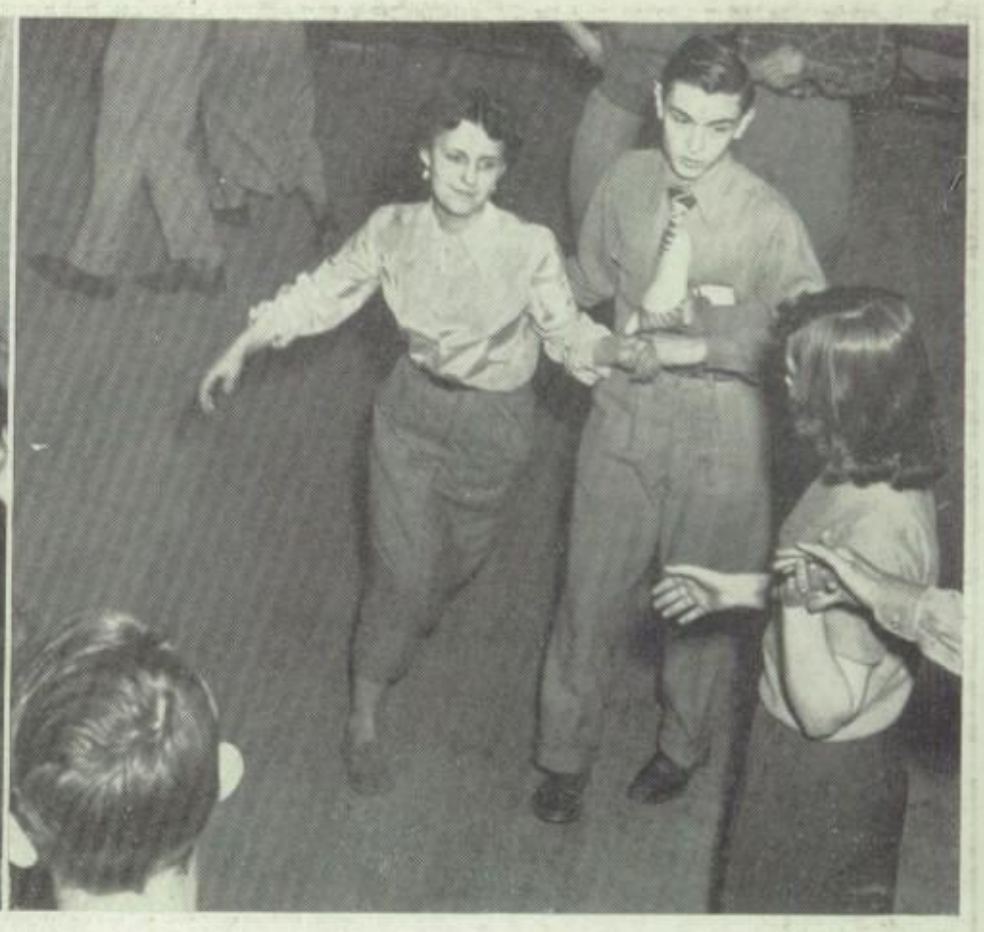
This semester the club is studying modern fashions rather than merely the drawing of modern and old fashions. This is a club that is useful to the students in school as well as those who plan to go out into the world and work in the field of fashion and art.

INTERNATIONAL CLUB

This group has been newly organized to satisfy the needs of students who are, or have taken French, Latin, or German. The purpose of this club is to create an understanding and appreciation of the cultures of other people. That understanding does not imply a mere tolerance toward the "queer" mannerisms of a foreign people, but rather an understanding of other cultures plus an intelligent realization of how people in foreign lands live, and why they live the way they do. The active ties of the club are varied and enjoyable. Puppet shows and one act skits given in French, Latin or German are the most popular projects. Christmas brings the study of Christmas customs throughout the world, and an international Folk Fair is sponsored by the club in the spring.

SPANISH CLUB

Los Caballeros, Pulaski's Spanish club, is sponsored by Miss Annette Flynn. The activities of the club correlate art, music and dancing with the use of the Spanish language. Each year, a student from Mexico or South America appears on the club program, and the students get first hand information about the Christmas in the Spanish speaking countries. The activities of the first semester terminate in a Christmas party with a play given in the Spanish language, the singing of Christmas carols, and colorful "Pinata" filled with gifts. In the spring, the parents of all the students of Spanish are invited to hear them sing Spanish songs. They also learn of the practical phases of the use of the Spanish language.



SQUARE DANCE CLUB

The Square Dancing Club under the direction of Mr. George Winkler gives students a chance to improve their dancing techniques and to make new friends. The beginners meet on Tuesdays and learn the basic steps of square dancing. The advanced students meet on Mondays to improve the old steps and learn new dances. Besides square dancing, the club members are also learning couple dances such as the polka and waltz. Some of the dances which the club executes are the "Texas Star", "Spanish Caballero" and the "Square Dance Polka." Students of any grade level are invited to join in the fun. Since square dancing has become an increasingly popular pastime, the club has many enthusiastic members.

INDUSTRIAL ARTS SERVICE CLUB

The purpose of the Industrial Arts Service Club during the semester is to help when help is needed. They construct the many needed props for the rallies, plays, and other school projects. Ideas were formulated and the drawings made during the first part of the week. On Thursday's and Friday's eighth hour the work is done on these ideas by fifteen boys in Mr. Schulz's Woodshop 4. The boys have the satisfaction of participating in and seeing their accomplished work. Various dances, plays, and individual school requests for repairs were serviced by this club. Planning, drawing, estimating, constructing, and viewing with a sense of work well done were the principles of the club.

OFFICE STAFF

Pulaski's office has always been known for its cheerful and courteous service. Miss Marian Erickson and Miss Elizabeth Kagel have helped to maintain this fine reputation. They are aided by a competent staff of student monitors who perform the following: operate the switchboard, file 303 cards, sort mail, issue tardy slips, type requisitions, and take care of telephone calls. Pulaski records and other matters are taken care of and kept clear and up to date. The office is the nucleus around which school activity is organized.

LIBRARY

As one walks into our school library, he notices the very newest sources of information and every other type of literary material necessary to make up a complete library. One is always certain to get kind and courteous attention from our librarian, Miss Harriet Windau. To add to the convenience of the student, he may, during his free period, either listen to recordings or page through his favorite magazine. The interesting displays on the library bulletin board and the friendly monitors are a credit to our library.

CLASS PLAY

Bizarre and exotic are the time and place settings of this play. The time is 894 B.C.; the place is the inner court of the palace of Prince Naaman, a handsome Syrian nobleman, Commander of the Syrian Host.

The play centers about the Prince and his Princess, Tamara the Beautiful. How Simeon in his absence seeks to wear down Tamara's resistance to his plan to abduct her by forcing starvation and thirst upon the household; how the quick-witted Jesse and Damaris save the day, with Simeon banished forever from sunny Syria; forms one of the most colorful denouements in the history of the Pulaskian theatre.

CLASS PLAY

Twentieth-Century Lullaby, under the direction of Mr. Franks, is the story of Peter Ulric Smith. His mother, Mary Smith, believes that he will be a brilliant student and pass all his examinations. The schoolmistress sarcastically tells him that the importance of examinations shouldn't be exaggerated. To her, the important thing is that learning doesn't really matter, since anyone could learn the sort of things found in books. Mary also wants Peter to be honest, never tell a lie, and realize that money isn't everything. The businessman Peter works for believes in just the opposite. He tries to influence Peter's way of thinking by admitting that sharp practice put him where he is and, if necessary, he will continue his sharp practice to remain there. Mary thinks that peace is the only thing in life worth having. A politician, however, thinks that war is glorious because it brings work for men and honor for the nation. The Madonna appears and tells Mary the secret of motherhood. She gives Mary new hopes for the baby in her arms.

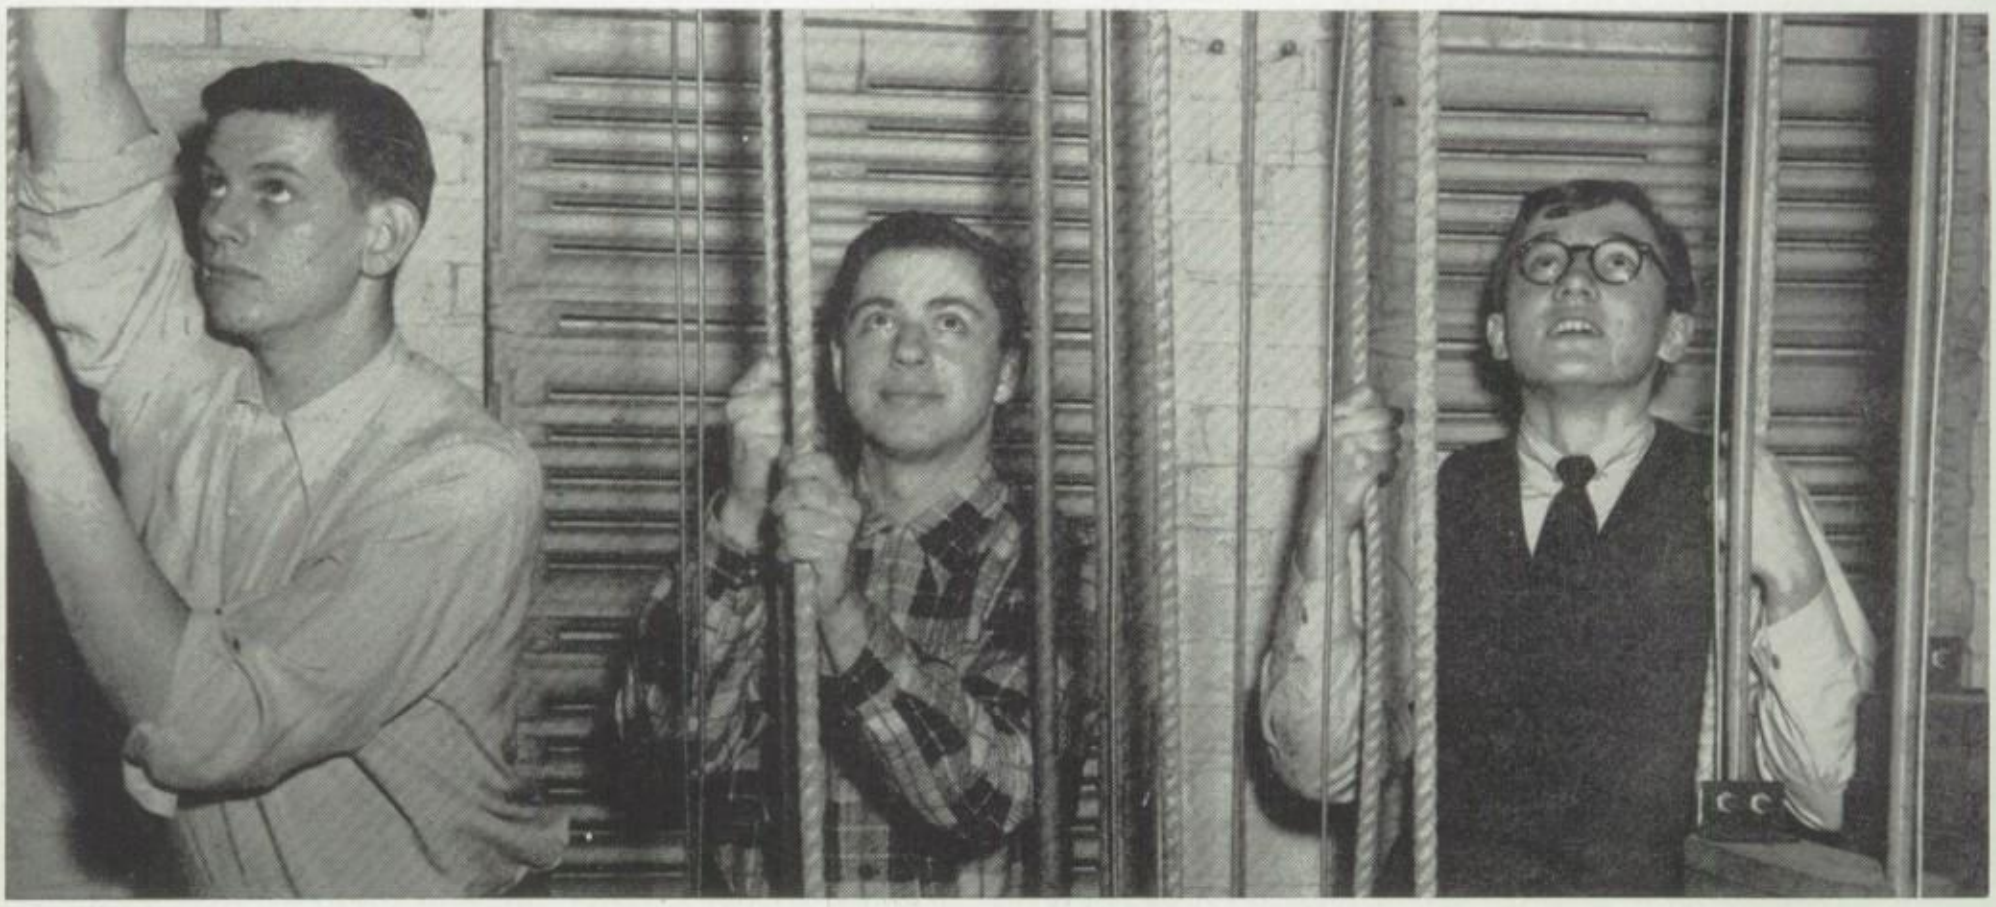
STAGE CREW

Unseen, but indispensable, are the members of the stage crew. Although often unsung, their part in a successful production is vitally important. How impressive would the scene in the class play be if these fellows did not produce the right lighting and sound effects? When the curtain rings down, the program is over; but not for the backstage boys. There are still lights to be fixed, items to store, and the stage to sweep. Pulaski can always depend on them for a smooth running, precisely executed program. The finish of a production merely means that half of their job is done. An active stage with a satisfied audience is the only reward this group of boys receives.



MAINTENANCE DEPARTMENT

Many of us have noticed the cheerful appearance of our ever-busy maintenance crew. When you see them in our halls, they're often scurrying about in a rush to make sure that every inch of our building is "slick as a whistle." The splendid co-operation we receive after extra school functions is greatly appreciated by us all. The grounds around our building are taken care of, too. In the winter, members of the maintenance crew may be seen cleaning off the sidewalks for the safety of the students. In the spring, members of the crew are often seen mowing the lawn and caring for the campus in general. For the work you of the Maintenance Department have done, we, the students, would like to thank you.

So You're Graduating...

Now that your school has become the large institution that it was destined to be. You are ★ as fully justified in being proud of your record as we are of ours. ★ We who are pioneers in industry salute you who are pioneers in ★ education. May the ties of friendship existing between us be strengthened by those who follow you.

ACKNOWLEDGMENTS

Jim Stark and Ken Sanifer of Collins Studio and Staff Photographer Chuck Boehm, did the Senior Pictures and group pictures and some of the candid shots. Ted Knutowski was in charge of the dark room and did most of the printing and developing. The Milwaukee Journal and Milwaukee Sentinel and Robert Wasielewski of the Photo Publishing Company contributed some of the special shots for the annual.

The Sells Printing Company did the printing this year. The engraving was done under the able direction of Mr. Roy Stouthamer of the Premier Engraving Company. Book binding was done by the Bookcraft, Inc., under the direction of Gil LaVasser.

Charlotte Mueller and Louise Martin designed the cover. Division pages were done by Patricia Muschinski, Ronald Bykowski, Gordon Dombrowski, Louise Martin, Charlotte Mueller and Myron Koceja.
